Hello Mr. Sullivan and Mr. Bechtold,

Following your discussions with EPA yesterday, EPA has been contacting each of the homeowners that have been displaced by the Keller Transport oil spill to provide them with an update of EPA's conversation with EPI regarding the draft work plan. I have contacted Mr. Tom Jones who has informed me that he would like to hear from EPA as to how our conversation went with EPI but that he would like to have his attorney's present on the call as well. I'd like to check in with the both of you as to your availability to be on a call next Monday, August 11? I have not been able to set up a call with either Mr. and Mrs. Kohler or Mr. and Mrs. Arnold as of yet but do have calls into them and plan to ask if they would like to sit in on this call as well.

Please let me know if you are both available Monday morning and if so, what time would work best for you. I will then follow up with the Jones, Arnolds, and Kohlers to confirm their participation in the call.

Sincerely, Libby Faulk
